Investment Policy

SEB ImmoPortfolio Target Return Fund was designed as an international investing real estate fund with a core plus strategy. On 5 June 2014, the issuance and redemption of fund units has been irrevocably suspended, because the volume of redemption requests were higher than the free liquidity. At the beginning of its three-year dissolution period, the fund had 46 properties. The fund was transferred to the Custodian Bank as of the end of 31 May 2017. With the last property recorded as disposal on 1 November 2017 all properties of the real estate portfolio are sold. The Fund no longer holds any properties. Sufficient liquidity reserves must be retained to meet all obligations (taxes, warranties, etc.) until the Fund is finally wound up. Further distributions will be made once the risks have declined over time and reserves can be released.
